---	--

During Morning Enrichment Camp, students will be involved in engaging activities, from academics and arts & crafts, to on-site field trips; such as a live Magician, Bubble Magic, Wildlife Assembly, and even a Snow Day in July!

Each week has a theme, which includes extracurricular activities and week- long classes, outside games and events, and a bonus assembly on our 'Fun Fridays'! The fun continues with the Afternoon camp, where it's all about activities that get you movin' and groovin' with extracurricular sports, daily activities (wheels day is back, sprinklers in the quad) and weekly visits to the pool and park!

Kinder Readiness Class

Attention incoming Kindergarteners! We have a special place just for you this summer. Our staff Kindergarten teacher Mrs. Mildred Garcia will teach the **Kinder Readiness Class**, which pairs learning basic skills for entering Kindergarten with engaging and fun centers and activities. Incoming Kinders will still be able to participate in extracurricular activities with the rest of camp.
